7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

The institution with a vision to foster all-round development of the wards has initiated several practices which help the students imbibe practical knowledge. Amongst different best practices incorporated by the institution campus radio and parents day celebration has proved to be immensely beneficial to the students as well as the other stakeholders of the institution. Campus radio: The department of Journalism has taken up the initiative of conducting campus radio in the college. Every day during the lunch break a 15 minute news reel is read out using the public address system. The news bulletin consists of snippets about the current events happening around world as well as information related to the activities in the college. Two students are given the responsibility of composing and reading out the news bulletin in English and Kannada languages. Along with news the students also give out information about any significant days and convey birthday wishes, commend the achievers and pass on the academic related announcements. Campus radio ensures that students are aware of the current events and stay updated about the issues happening around the world. It provides an opportunity for the students to practice news reading and inculcate practical skills. The campus radio has been successful in making the students take up newspaper reading which has proved to be helpful attending various academic events like quiz, seminars and literary fests. The major advantage gained by initiating campus radio is that the students remain occupied during the lunch break and stay tuned to listen to the news bulletin. Parent's day celebration: Along with the students parents are also an important part of the institutional setup. Its only with the active involvement and support of the parents the institution can prosper and scale greater heights. Along with organizing regular parents and teachers meeting the institution has initiated a novel idea of celebrating parent's day annually. During this occasion a variety of events and competitions are organized exclusively for the parents. It is a day to celebrate parenthood and provide entertainment to the parents. Parent's day has helped in establishing strong bonds with the parents and establishes a trustworthy relationship. The institution has reaped immense benefits by organizing parent's day as the word of mouth about the features

about the institution spreads around which has improved the reputation of the institution. The parents get more involved in the progress of their wards and also pass on timely suggestion for the betterment of the institution.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Cauvery College, Virajpet, erstwhile Kavery Women's College, was established in the year 1980 under the aegis of Cauvery Education Society®, Gonikoppal with the motive of providing 'education for all'. The college is nestled amidst 9.17 acres of serene and verdant area, which is distinctiveness in itself. Apart from the undulating natural landscape, the institution has traversed a fruitful journey in providing quality based education to the talented rural students from the past 38 years. The institution not only provides topnotch academic service but also assures that the all-round development of the students is fostered by involving them in various extracurricular activities. As the college is nestled in a landlocked area, the institution ensures that the distinctive culture and tradition of this blessed land is patronized and encourages the students to imbibe the legacy of their forefathers by forming cultural troupes who are often invited to perform on different occasions all over the Karnataka and Kodagu. Kodavas, the natives of Kodagu district have unique dance forms and also customs which are not being found anywhere else on the globe. The institution which bears the name of river Cauvery the lifeline of south India as well as presiding deity of the land, since its inception has been consciously putting in efforts to ensure that the exclusive tradition and culture of Kodagu is enriched and passed onto the next generation. In the earlier days during the times of joint family the natives of the land used live a family house called 'Ain Mane' and the institution has built a model of this form of house in the campus to offer a glimpse of the bygone era and educate the youth about the past. Kodavas are nature worshippers and along with the nature they worship their ancestors, and in the institution all these traditions are given due respect which makes it a distinctive feature. Another distinctive feature of the institution is the conducting of daily morning assembly, which is a rarity in higher education institution. Apart from singing the state and national anthems, important news from leading newspapers are read, the achievers are honored and special invitees from different fields deliver motivational address to the students. The erring students are ironed out in the assembly because of which the institution has been able to maintain high standard of discipline. The institution offers frees certificate courses for the students which can be of help in their future and help them secure additional qualification and also enhance their employment quotient. The campus is symbol of religious harmony as students from diverse background are not only educated but are trained to be model citizens of the nation.
